## WORK EXPERIENCE

---

### Fontys Photography Project

Apr. 2023 – May 2023

UI designer

Eindhoven, Cyprus, Bulgaria

- Assigned 2 weeks to form a photography book displaying photography skills and design skills.
- As the sole member of the project, I freely experimented with the design and display of my work.
  - Conveyed my passion for photography and polaroids through design.
  - Started from scratch and learnt Adobe InDesign overnight.
  - Gathered inspiration from graphic design portfolios.
  - Utilized Photoshop skills to present results on each page in a flavorful manner.
- Time management on last-minute notice, adaptability to new programs with no prior experience.
- Programs and equipment used consist of a Canon 750D camera with 350mm lens, Adobe Photoshop, InDesign

### Jumbo

September 2023 – Present

AGF Medewerker

Eindhoven, NL

- Teamwork and Communication: Foster a positive, collaborative work environment through effective communication, knowledge sharing, and assistance to enhance team and store success.
  - Key Result:** Proactively share knowledge or offer assistance to colleagues at least twice per shift.
  - Key Result:** Receive positive feedback from colleagues on communication and teamwork skills during quarterly evaluations.
- Customer Service: Provide exceptional service to customers by offering assistance, information about products, and promptly addressing any concerns or inquiries to enhance their shopping experience.
- Time Management: Efficiently allocate time to complete tasks such as restocking, cleaning, and assisting customers while adhering to scheduled breaks and shift durations to maintain productivity.

### Fontys Pixel Playground Website Content Writer and Content Creator

September 2023 – January 2024

Eindhoven, NL

- Responsible for documenting the lighting in the Pixel Playground Studio and its functions.
- Photograph and create video tutorials and step-by-step picture tutorials to teach users proper safety and use of lighting equipment.

Device repair store | June 2018–August 2018

- “Summer job at family members' store helping fix PCs, phones and more.
- Learnt a lot about desktop and laptop hardware, software and how to replace mobile phone screens.
